WRAS - Statement of Compliance

We certify that our ptfе products, made of the virgin ptfе type **Polis P101-E** resin, conform to BS 6920-1: 2000. The samples of this product meet the test criteria of BS 6920-1: 2000 (specification) and thus do conform with the requirements of the Water Regulations Advisory Scheme (WRAS) Tests of effect on Water Quality, and is suitable for use with hot (up to 85°C) and cold water.

Testing of non metallic materials for use with drinking water (BS 6920: 2000) – test report M 104482 and M 104423.

The user must verify that the finished item, machined from the semifinished product, would be technically suitable for the requested application. The user must also verify that the finished item may not cause any modification to the organoleptic properties of the foodstuff and that the item's technological fitness it is assigned to, may be guaranteed.

For each foreign country market, where the items are introduced into, it is responsibility of the user to determine whether both material than items would comply with the applicable laws and regulations.
